Dear Parent/Caregiver

My sincere thanks for your continued support with our students wearing a face mask to school.

The Queensland Government guidelines currently require all staff and students in high schools to wear a mask. There are some [exceptions](#), such as people with particular medical conditions or disabilities. Should your child fit into an exemption category, please email the relevant Deputy Principal with the details ([staff contacts](#)). We will provide an exemption pass for easy identification (students can collect this from the office).

Please remind your child to bring a mask to school each day and ensure they wear their mask as soon as they enter school buildings or cannot maintain the 1.5 m social distancing requirement.

It is an expectation that students come to school with their own mask. The masks provided by the school are only for students who accidentally forget to bring theirs. The cost of the current consumption of approximately 1000 masks per week is becoming prohibitive and we need your help in getting students to bring their mask to school.

Kind regards

A handwritten signature in black ink, appearing to read "Scott Ison".
