Introduction to the State School Consent Form (attached) for Nerang State High School.

For the purpose of celebrating student achievement and promoting the school, it is the schools usual practice to use:

- **Personal Information** (Students' name, photograph, year level, video recording)
- **Student Materials** (Artistic and written work)

The State School Consent Form provides consent for **Personal Information** and licence for the **Student Materials** to be published online or in other public forums. It also allows your child's **Personal Information** and **Student Materials** to be presented in part or alongside other students' achievements. The school needs to receive consent via completion of this form before it uses or discloses your child's **Personal Information** or **Student Materials** in a public forum. The following paper form is a record of the consent provided.

*It should be noted that in some instances the school may be required by the Education (General Provisions) Act 2006 or by law to record, use or disclose the student's **Personal Information** or **Student Materials** without consent (e.g. assessment of **Student Materials** does not require further consent).*

Voluntary

There will not be any negative repercussions for not completing the State School Consent Form or for giving limited consent. All students will continue to receive their education regardless of whether consent is given or not.

Consent may be limited or withdrawn

The consent applies for the period of enrolment or until you decide to limit or withdraw your consent. You can limit or withdraw the consent by contacting an Administration Officer on 0755 037 888 or email admin@nerangshs.eq.edu.au.

Due to the nature of the internet and social media (which distributes and copies information), it may not be possible for all copies of information (including images of **Student Materials**) once published by consent, to be deleted or restricted from use.

The school may take down content that is under its direct control, however, published **Personal Information** and **Student Materials** cannot be deleted and the school is under no obligation to communicate changes to consent with other entities/ third parties.
